Beautiful Columbus Grove Home

Tarbell, Realtors' Preferred Properties Division is proud to join Martin and Laura Uribe in presenting a stately, two-story home in the Columbus Grove community in Irvine. The light and bright, colonial-inspired home features a traditional clapboard exterior, flattened columns flanking the front door, and handsome black shutters.

There are four bedrooms and three and one-half baths in approximately 2,770 square feet of living space. The master suite is a relaxing haven with a romantic fireplace, spa tub, and oversized walk-in closet. Two of the secondary bedrooms share a Jack and Jill bath.

Gorgeous hardwood floors flow throughout the main level. An impressive staircase with wood and wrought iron railings separates the formal living room and spacious formal dining room. In the greatroom, the sunny family room offers an inviting fireplace, ceiling fan, and generously proportioned windows. The adjacent breakfast nook is open to the kitchen, which boasts high-quality stainless steel appliances, gleaming granite counters, rich wood cabinets, and a large, center island prep station with a breakfast bar for casual meals.

The home features a long driveway with a convenient porte cochere entry leading back to an expanded two-bay garage. The backyard includes a cozy patio and low-maintenance landscaping. Columbus Grove features a community pool, clubhouse, and barbecue facilities.
